

Proficiency VS Currency. They are NOT the Same! (NOTE: Saturday Monthly BBQ)

The FAA sets minimum standards for currency -- which has a lot to do with staying legal, but not much to do with being a competent pilot. Bottom line -- Flying is NOT, "Just like riding a bicycle." Individual needs vary, but for the vast majority of us, meeting FAA requirements, (and nothing more), is simply not enough. In this seminar Joe will cover the importance of staying current and keeping up with your skills as a pilot.

Directions: I-405 to I-10 West, Exit Bundy South, Right on Airport Ave. continue about 1.5 miles until you reach American Flyers on the Right hand sign. Large blue and white sign.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
